ART AND JOYCE STONEKING

Art and Joyce Stoneking have dedicated their lives to helping people through their message of faith in God. Their heart's desire is to reach out to hurting people with the message of God's forgiveness and provision for them. While both were raised in Christian homes, they did not commit their lives to Christ until later in life. It was not until age 35, after serving in Viet Nam, marrying his college sweetheart, struggling with drugs and rebellion to God's call on his life, that Art once again heard the message of God's love.

For the past 16 years, Art and Joyce have lived in Tijuana, Mexico. They have been involved in the construction of new churches and the establishment of outreach programs in the local churches. They have established a children's home for the needy children of the city; a lifelong dream.

You will be encouraged by the testimony of Art Stoneking and motivated by his message.

The Lord gave the founder of this local chapter the same vision He gave Demos Shakarian, the founder of FGBMFI; to reach out to people of all walks of life, “outside the four walls of the church.” We do this several ways...

We have a dinner meeting every month, usually on the **first Monday at 7:00 PM**, to which the public is invited, both men and women. A keynote speaker will come and share the testimony of how his/her life changed when they became Born Again and began living this new life. We often see the power of God set people free from addictions. Many are healed of all sorts of diseases – some “incurable” according to man’s abilities.

We also have two breakfast meetings each month, on the **2nd and 4th Saturdays at 8:00 AM**. It is a very encouraging uplifting time of fellowship. Our people are not those who have been Christians all their lives; rather we come from many different walks of life. Some are active or retired police officers while others have spent many years of their lives in prisons before they came to know the Lord. The one thing we all have in common is JESUS.
